UNITED STATES OF AMERICA, ET. AL  
Defendants

CLERK

U.S. DISTRICT COURT

**PLAINTIFFS' MOTION SEEKING LEAVE OF THE COURT  
TO AMEND AND/OR SUPPLEMENT COMPLAINT UNDER RULE 15 (d)**

NOW COMES plaintiff, Reginald Thaddeus gilbertBey, seeking permission and leave to either supplement or amend his original complaint. Declaring that due to conditions beyord his control as a consequence of his imprisonment, and current handicaps (Both physical and psychological.) he has been unable to complete such amendments/supplements at this time.

Plaintiff has pending immediately before this honorable court a motion seeking appointment of counsel, which he believes is warrented and will provide justice and a means of fairness.

Plaintiff asseverates the following:

1. Plaintiff is suffering from Post Traumatic Stress Disorder (PTSD) as a result of years of hostile abuse, stress, psychological anguish, and acts of retaliation by federal Bureau Of Prisons (BOP) officials; such condition has been exaserbated by his most recent horrendous experience at Federal Correctional Institution (FCI) Mckean. Throughout his imprisonment it is a fact, that he has been maliciously thrown in and held in Special Housing Units (SHU), held in Maximum Security desensitizing intensive disciplinary programs (i.e. United States Penitentiary Marion) in retaliation and discrimination due to his documenting, addressing legitiment complaints through administrative remedies, and due

to the fact that he is Muslim, as well as of African-American ethnicity. Such corrupt overwhelming cruelty all culminated with the unusually vicious abuse by BOP officials at FCI McKeon.

2. However plaintiff is currently involved in several cognizant-behaviorial programs offered here at the United States Penitentiary Allenwood (USP) through the Psychology department. Such needed therapy in order to address, and Lord willing recover from his ordeal at FCI McKeon, severely limits plaintiffs' time and ability to research and attempt to formulate a comprehensive listing of additional defendants/parties, factual allegations, issues of facts, causes of action, and request for warranted injunctive relief.

3. Specifically, one of plaintiffs' request for injunctive relief will be in the form of requesting a polygraph examination regarding his claims of retaliation by FCI McKeon officials who falsely manufactured cause to abuse, throw him in SHU, sanction him with disciplinary action, after "railroading" him through a "kangaroo court", and transferring him to a increased level of security.

4. Plaintiff currently suffers with anxiety attacks, insomnia, and other effects as a consequence of suffering PTSD whenever he attempts to address his complaints and perfect such too this court.

5. Plaintiff in seeking previous extensions of time to amend this complaint did not completely realize the overwhelming effects of his PTSD. Also he did not realize that his religious mandates

would also limit (Conjunction with his therapeutical programming and security prison procedures.) his access to being able to complete the filing of this action. From approximately September 22, 2006 thru October 22, 2006 the Islamic (Lunar Calendar) month of Ramadhan mandated that plaintiff must fast (Abstain from food and drink, while increasing worship) from before sunrise to sunset. During this period plaintiff was unable to attend the law library during the evening periods, because he had to be in the religious services department for worship and meals.

6. Additionally, plaintiff could not foresee that he would be disabled by a lower left leg cast for several weeks, and even upon the removal of such cast suffer immobility and pain, which includes to date swelling and pain whenever he moves. This injury occurred in March 2006, however due to BOP medical officials indifference and neglect; from March until approximately July 2006 Physicians Assistant, Diane Inch, and other staff termed plaintiff injury as a "ankle sprang", which in fact was a achilles-tendon rupture; discovered after he filed administrative remedy complaints seeking treatment. To date plaintiff suffering lingering pain, swelling, and lack of complete mobility, and denial of physical therapy and treatment follow-ups.

7. Due to such physical injury, plaintiff has been unable to earn any prison wages, consequently unable to afford postage stamps, legal copies, typing supplies, writing implements (e.g pencils, pens, stationary and other legal necessities.).

8. Also due to his financial indigency he has been unable to

purchase or pay the fees and cost of obtaining previously filed documents too this court. Consequently, he cannot correct his errors, nor refer to such previously filed documents. He needs several documents filed with the court because of fear that BOP officials would destroy such.

9. Plaintiff continues to suffer ongoing substantial risk of serious harm by exposure to Environmental Tobacco Smoke (ETS), combined with the debilitating effects of asbestos poisoning, and the mendaciously corrupt manufacturing of disciplinary actions in retaliation by FCI McKean officials.

10. Plaintiff has not and does not ever intend on embarking upon actions of engaging in undue delay or any motions, request of bad faith.

11. However, plaintiff in frustration realizes that this honorable Court can dismiss his complaint due to failure to amend, correct defects, and timely adhere to the courts orders of scheduling.

12. Plaintiff realizes the possibility of dismissal. Yet in despair only intends to be foremost forthright and above-board with his actions before this court. Therefore, plaintiff pleads with the court to take into consideration his motion for appointment of counsel, his response/reply to defendants motion to dismiss, or in the alternative, motion for summary judgement; as well as foremost the fact that plaintiffs' current situation as a horrendous consequence of filing administrative remedy complaints

federal tort claims, and this current civil action BOP officials retaliation have severely traumatized him by their actions.

13. Plaintiff has not suffered any major acts of retaliation from BOP officials here at USP Allenwood, nor any disciplinary problems to date since being transferred from FCI Mckean.

14. However given plaintiffs' horrendous experiences under the corrupt authority of BOP officials employeeed at FCI Mckean, and other BOP institutions, such has taken a adverse toll on plaintiff. Also it has been subtley been made clear to him at USP Allenwood that he can and will be subject to such corrupt abuses of authority and reprisal if he continues to file complaints. And after approximately fourteen years plus, plaintiff rationaly believes that he files complaints concerning exposure to Environmental Tobacco Smoke (ETS) given the fact that the federal Bureau Of Prisons union is apposed to such banning of employees using and possessing such products; given the fact that employees at USP Allenwood openly parade through the housing units, use tobacco products throughout the general prisoner compound, plaintiff would suffer further retaliations.

15. Plaintiff heretoforth ardently hopes that this honorable court grant his motion seeking appointment of counsel. And if this court denies such motion it will allow him sufficient time in order to complete and attempt to perfect his complaint in adding defendants, declaring and requesting the amount of compensatory, and punitive damages, stipulating further causes of action and

factual allegations, as well as request injunctive relief.

16. Plaintiff ask the court to consider the facts that with the countries primary holiday season fastly approaching, that prison officials will not operate, nor allow access to the law library arbitrarily due to staffing difficulties, and will generally close the law library on federally recognized holidays.

17. Plaintiff also ask that the court grant him a copy of all documents (i.e. Other prisoners ruffly drafted affidavits, etc.) previously submitted prior to being transferred from FCI Mckean, and all documents filed from plaintiff to the courts, so that he may combine and correct his errors and filings.

18. An example of the lack of notice, and arbitrariness of USP Allenwood prison officials closing the law library is being experienced immediately: it is Tuesday, November 14, 2006 at 2:24 PM and officials have announced that the law library and education department is closing at 2:30 PM without any advance notice, nor posting of such action. Therefore, where plaintiff could, Lord willing, be able to complete this and post it by the 15<sup>th</sup> or on the 15<sup>th</sup> it will not be possible now. So he will have to try tomorrow, and it will not be post-marked until November 16, 2006.

19. Plaintiff humbly ask the court to consider in fairness the fact that being imprisoned in a Penitentiary verses a lower security [i.e. FCI Mckean, which in fact denotes and infers an aspect of FCI Mckean officials retaliation for filing this civil matter, because said officials fabricated cause to transfer plaintiff to a greater security prison, so that he would be further hindered and detoured from continuing to file administrative remedies and this civil action] prison his access to legal materials and time to attempt to perfect this civil action.

20. Plaintiff hereby seeks in alternative and in lieu of this court's consideration of his motion for appointment of counsel, leave of the court to amend and/or supplement this complaint until February 2, 2007.

21. Plaintiff again re-interates his request for the court to grant him copies of all documents forwarded to the court; due to the fact that such documents have been removed from his property prior too and during his transfer from FCI Mckean to USP Allenwood.

Respectfully submitted this 15<sup>th</sup> day of November 2006.

Pursuant to 28 USC §1746, I declare and verify under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on November 15, 2006.

15 November 2006

**Re: Please see enclosure, request that motion be filed  
in conjunction with previous ones.**

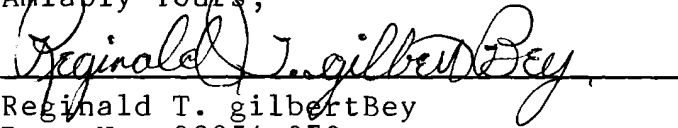

Dear Clerk:

Please, file the enclosed motion in conjunction with those forwarded too your court on 14th November, 2006; according to the "mail box rule" concerning forwarding such legal documents by tendering such to prison officials on this day of 15th of November 2006.

I had previously mentioned this enclosed motion in reference in the missive dated "13 November 2006".

In advance, I thank you very much for your assistance.

Amiably Yours;

  
Reginald T. gilbertBey
